### EVERY DAY: Key Skills

- **Spelling Practice:** going, school, children, where
- **Activities to help you practise:** Look at the word, then look away and write the word and then check to see if you have it correct. Make flash cards of the words and place them around your house.
- **Read for a minimum of 10 minutes daily.** Ask your child questions about what they have read to check their understanding.
- **Practise number bonds to 10** (Pairs of numbers that make 10 e.g. 8 + 2 = 10, 6 + 4 = 10)
  - If you are confident with these try bonds to 20.
- **Can you practise counting in 3s and record calculations linked with the 3 times table?**

### Literacy

**Creating riddles about animals.**

- **Day 1:** Share Resource 1. Discuss the features of a riddle. Start thinking about your animal or pet (from last week) and discuss some key points linked with this animal that could be used in a riddle. E.g. How does your animal breathe? I breathe but not through my mouth.
- **Day 2:** Jot down some descriptive ideas for your riddle in note form. E.g. hair not fur, legs 4 not 2 etc...
- **Day 3:** Using your jottings begin to discuss and write the first 2 lines for your riddle. Share your work with a family member. What do they think?
- **Day 4:** Finish your riddle making sure you have 4 lines in total. Remember members like about it? Can they guess the animal? How could you improve your riddle?
- **Day 5:** Edit and uplevel your riddle. Look at your word selection. Could this be improved in anyway? Could you exchange and up level any words?

Remember to use your phonics desktop set 1 and 2 sounds to help you with sounding out words. A copy is on our website.

### Mathematics

**Look at the daily maths worksheets on the Year 1 learning from home section.**

This week's focus is Number: Place Value (within 100).

On some of the days there is an online tutorial video to watch that will aid learning.

- **Monday:** Counting to 100
  - Resource 2
  - [https://vimeo.com/430314213](https://vimeo.com/430314213)
- **Tuesday:** Partitioning numbers
  - Resource 3
  - [https://vimeo.com/430317914](https://vimeo.com/430317914)
- **Wednesday:** Comparing numbers
  - Resource 4
  - [https://vimeo.com/430320026](https://vimeo.com/430320026)
- **Thursday:** Comparing numbers
  - Resource 5
  - [https://vimeo.com/430313386](https://vimeo.com/430313386)
- **Friday:** Ordering numbers
  - Resource 6
  - [https://vimeo.com/432401517](https://vimeo.com/432401517)

There are 3 quizzes which cover a wide range of aspects in the Year 1 maths curriculum. Please do not treat these as a test, but as an aid to help your child understand what they know and don't know yet.

Do not feel you need to print the work sheet out. The Year 1 children are used to setting out work in their books.

Additional homework has been set on mymaths.co.uk. There is no pressure to complete these and the deadlines are set until August. All the homeworks have a series of activities to support learning on the Year 1 Maths curriculum. It is likely your child will need assistance in navigating the site.
